Professional Summary

Results-driven Software Developer with 2.5+ years of experience building scalable Android systems serving 2,000+ healthcare users. Specialized in Kotlin, Jetpack Compose, and backend integrations, providing performance optimizations of up to 60%, reducing crash rates by 58% as well as ANR rates by 80%, and automating workflows that save 15+ hours per week. Experienced in AI/ML integrations, including NLP systems achieving up to 90% accuracy.

Professional Experience

Billiyo Health Pvt. Ltd.

Gandhinagar, Gujarat

Junior Software Developer

Nov 2023 – Jan 2026

- Engineered **real-time communication** and **punch-in/out attendance** modules serving 2,000+ healthcare staff, improving attendance tracking accuracy to 98% and reducing manual reporting effort by 35%.
- Spearheaded **modular, reusable Kotlin libraries** adopted across 3 internal Android applications, reducing code duplication by 40% and accelerating feature development cycles by 50%.
- Led pilot adoption of **Jetpack Compose**, migrating 40% of legacy XML screens, reducing UI-related bugs by 30% and improving rendering performance by 25%.
- Executed **product rebranding and technical upgrades** (AGP, SDK targets, dependency refactoring), reducing build time by 22% and decreasing crash rate by 18%.
- Optimized API consumption and local caching mechanisms (**Room/SQLite**), **reducing redundant network calls by 30%**.

Engineering Intern

May 2023 – Nov 2023

- Implemented structured validation for an **8-language localization system**, reducing translation-related production bugs by 40%.
- Resolved **40+ functional and performance-related bugs**, improving app stability and contributing to a 15% reduction in crash incidents.
- Participated in **architectural discussions and refactoring efforts** to improve the **modularity and maintainability** of the legacy codebase.

Nyusoft Solutions LLP

Ahmedabad, Gujarat

WebNyusoft Development Intern

May 2022 – Jun 2022

- Developed **Laravel-based web applications**, implementing 12+ backend modules and REST endpoints for production systems.
- Improved system reliability through testing and debugging, resolving 10+ functional issues prior to production release.

Technical Skills

- Mobile & Frontend:** Kotlin, Java, Jetpack Compose, XML Layout (ViewBinding/DataBinding), MVVM, Clean Architecture, RESTful APIs, Room/SQLite, Dagger/Hilt, Coroutines, Flow, Retrofit, JUnit, Mockito
- AI/ML & GenAI:** Python, NLP, LLMs, LangChain, Hugging Face, OpenCV, Scikit-learn
- Databases:** SQL, SQLite, NoSQL, PostgreSQL
- Cloud & Tools:** Azure, Git, Bitbucket, Firebase (Firestore, Crashlytics), Agile, Jira, Confluence

Certifications

- AI Mastery with NLP (Udemy, 2025)
- LLMs: Chatbots, RASA, ChatGPT, BERT, Transformers (2025)
- Prompt Engineering Mastery (2025)
- LLM & GenAI Masterclass – LangChain, Hugging Face (2025)
- Hands-on ML with Python & ChatGPT (2023)
- Beginner's Guide to Android App Development (2022)

Education

Birla Vishwakarma Mahavidhyalaya (BVM)

Jul 2019 – May 2023

Bachelor of Technology in Information Technology

Vallabh Vidhyanagar, Gujarat

Academic Projects

E-Shark – Online Pitching Platform | Flutter, Firebase

2023

- Incubated a **cross-platform mobile app** enabling **video calls & real-time chat** for startup idea pitching.
- Conceptualized an intuitive UI inspired by networking and matchmaking platforms, improving overall user engagement.

Attendance System with Face Recognition | Python, OpenCV, SVM Classifier

2022

- Built an **automated attendance system achieving 90% accuracy** using facial recognition and SVM classifier.
- Showcased at **BVM's Platinum Jubilee Celebration** as a flagship student innovation project.

AI Chess Bot | Python, Pygame

2022

- Created an **AI-based chess bot** using **Minimax Algorithm with Alpha-Beta Pruning** for intelligent move generation.

Inventory Management App | Android, Firebase

2022

- Crafted an **inventory management mobile app** for efficient real-time stock tracking using Firebase backend.

Leadership

IT-CP Branch Head | Udaan College Tech Fest, BVM

2022

- Led the IT-CP branch of Udaan, BVM's annual tech fest, coordinating technical events and student participation.
